Ray Kurzweil, the futurist, is predicting that by 2045 A.D., human beings will be living in an era of singularity, when non biological machines invented by human brains and human ingenuity are going to outsmart human intelligence billions of times. What is going to be the fate of the human spirit, human spirituality, the feeling of connection to a force and power that is greater than us (God), our ability to use spiritual imagination and our intelligence? Are we progressively moving away from religion and community-based spirituality into the spirituality of different strokes for different folks? In his groundbreaking book, Spiritual Intelligence and The Neuroplastic Brain: A Contextual Interpretation of Modern History, Charles W. Mark takes the reader on a journey...
