Pub Date :2003-08-01 Publisher: Guangxi Academy of Fine Modern design entered a new phase. it is in continuous development and innovation. The design requirements of modern society become more and more personalized pursuit of perfection. in this prosperous market economy era. the design includes many new ideas and culture. described today the people are no longer satisfied with the material life simple repeated consumption. while in pursuit of material wealth. nor to give up the desire of the deep cultural connotation. When it comes to design. people often mistakenly think that this is just the unique privilege of designers. it is not true. the design should be an integral part of human life . the life of every piece of material products are designed according to the need of people's lives and production. Of course. it also combines the spirit and value orientation. People are involved in the design rights and open conferred every one successful product design. expressed by the designers and the general public with a total creative and understanding. Participatory design practice in the real world. designers are numerous. such as the environment. art and design. interior design. clothing. art and design. advertising design. sometimes they will be involved in various social and cultural activities. such as theatrical performances. the design and planning of public advocacy and other activities. Collective behavior. and human behavior. which indicates that design thinking has penetrated into every aspect of our lives. In order to raise awareness and quality of universal design. design education task even more a long way to go. Art academies in design education innovation and reform is a very important issue. and the preparation of teaching materials...
