

Understanding Maths: Statistics (Paperback)

By Hilary Koll, Steve Mills

SCHOFIELD SIMS LTD, United Kingdom, 2015. Paperback. Book Condition: New. 2nd Revised edition. 297 x 211 mm. Language: English . Brand New Book. Understanding Maths is a series of topic-based study books for children in Key Stage 2, providing rigorous practice of key subject areas. Each topic contains a concise summary of the information required by the National Curriculum, making the series ideal for use as preparation for the Key Stage 2 tests. Each book is a stand-alone resource, so children can either work through them in order or focus on individual aspects of the subject. Together, the nine books support the whole of the Key Stage 2 maths curriculum, providing a solid foundation for success in maths. Statistics meets the National Curriculum requirements for Key Stage 2 maths, and covers the following areas: bar charts, Venn diagrams, grouped data, averages, co-ordinates, 2-D and 3-D shapes, angles, length, mass, capacity, area and perimeter, timetables, distance charts, scatter graphs, pie charts, converting units, and misleading statistics. This book describes different ways to represent data and explains how to interpret information presented in a range of graphs and charts. Key features of Understanding Maths include: an Explanation to introduce each topic; activities...
