Orbs

By Nicholas Sansbury Smith

Audible Studios on Brilliance, United States, 2016. CD-Audio. Book Condition: New. Unabridged. 171 x 133 mm. Language: English . Brand New. They have come for our most important resource. The year is 2061, and the planet is dying. Cataclysmic solar storms have forced leaders from around the world to finally put aside their differences and agree on one thing to jump ship. The human race is headed to Mars. Dr. Sophie Winston is hired by New Tech Corporation to test a biosphere deep within the heart of Cheyenne Mountain; a mission she believes will help prepare NTC for the three-year flight to the red planet. But, just days into the assignment, things start to go wrong. When the blast doors hiss open, Winston's team finds a changed world outside. Humans are gone, vanished without a trace, and they aren't the only thing missing. The planet's water is gone, too. As the team explores their surroundings, they find thousands of luminous blue orbs lining the streets. It isn't until they uncover what's inside that they realize the nightmare that lies ahead.

Reviews

Most of these pdf is the ideal pdf available. It is definitely basic but shocks within the 50 percent of your book. I am just easily could get a delight of reading through a written book.

-- **Jany Crist**

The best pdf i possibly go through. it was writtern quite properly and useful. Once you begin to read the book, it is extremely difficult to leave it before concluding.
