paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 218 Publisher: Petroleum Industry Pub. Date :2010-08-01 version 1. This book comprehensively describes the various methods of geophysical logging and comprehensive explanation of the simple application of the main contents include spontaneous potential logging method. Resistivity logging methods. sonic methods. radioactive logging methods. engineering methods of logging. production logging (ie. cased hole logging) method. and integrated interpretation and application. Contents of the book seeks to be concise. Bo and wide. both reflect the current site using a variety of methods. but also describes the current advanced technology. This book can serve as professional resources exploration. petroleum engineering undergraduate teaching. but also as scientists and engineers of the reference books. Contents: Introduction Section logging and logging technology school Section II Logging in exploration and development in the application of Section reservoir classification and need to determine the parameters of the fourth quarter logging the first series of questions the choice of thinking Chapter spontaneous potential log-potential wells Section II causes spontaneous potential logs permeability layers influence the shape of the third quarter the natural curve of the main factors potential-potential curve of the fourth application of Chapter II resistivity thinking questions Logging Section II ordinary resistivity log curves of apparent resistivity factor III laterolog fourth rinse with induction log resistivity log V VI NMR logging thinking questions Chapter III section of rock sonic velocity log acoustic characteristics of Section III long-spacing sonic logging fourth full-wave amplitude acoustic reflection problems logging Logging Section IV of radioactive radioactive logging Basics Section III gamma ray logging natural gamma-ray logging Section V neutron density log log log thinking questions Chapter engineering section and the well casing wellhead Section Engineering Section logging commonly...
